

MainConcept is a leading provider of video codec technology, ranging in offerings from software development kits, transcoding applications and plugins serving professional video production, multimedia, broadcast, digital signage, medical, and security industries. Our engineering and development teams focus solely on creating encoding and decoding components for video and audio content, enabling us to provide best of breed solutions to our customers. In addition to outstanding products, our attention to detail and devotion to customer support and satisfaction is geared to not only meet but exceed the expectations of even the most demanding customers. MainConcept is headquartered in Aachen, Germany and is a subsidiary of Endeavor Streaming. For more information about MainConcept, visit www.mainconcept.com.

To support our team, we are looking for a:

SOFTWARE ENGINEER (F/M/D) Full-time in Tomsk, Russia

In your position you will join the service and integration team. You will maintain and develop tools for our product teams to support them in testing our products. The team also delivers fundamental parts for the automated processes in our software development department. Beyond that you may get involved with development of small test tools, sample applications and integration tests.

REQUIRED SKILLS AND EXPERIENCE:

- 2+ years of experience in Python3
- Experience in C/C++
- Experience in php, html, javascript, SQL
- Understanding of agile methodologies
- Understanding of software development lifecycles and product testing
- Excellent written and verbal communication skills in Russian and English

ADDITIONAL NICE TO HAVE PREFERENCES & REQUIREMENTS:

- Knowledge of pytest
- Experience working with distant and international teams
- Experience with bug tracking tools (Jira preferred)
- Experience with Scrum tools (VersionOne preferred)
- Familiar with source code control systems like GIT
- Familiar with automated build systems like GitLab
- Ability to understand basic code structures and dependencies
- Experience with docker and virtualization
- Knowledge of cross-platform programming (Windows, Linux and MAC / Intel, ARM)

GENERAL REQUIREMENTS:

- Full employment
- Desire and ability to work in team
- Professional initiative

MainConcept is an equal opportunity employer committed to a diverse and inclusive work environment.

Please submit your complete application in English along with your salary requirements and availability by email to: office.tomsk@mainconcept.com
